

WHISPER air a_w 0.6

WHISPER air inspired by air.

An exceptionally efficient absorber (a_w 0.6) that combines high-quality design with functional elements. More or less equilateral face side and back side and the most translucent and lightweight fabric in the collection. «WHISPER air» blends in nicely into any environment.

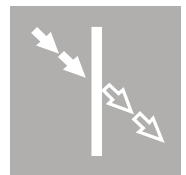

100% Polyester (Trevira CS)

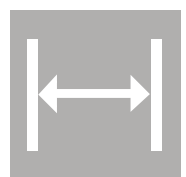

sound absorption a_w 0.6

flame retardant B1(DIN 4102)

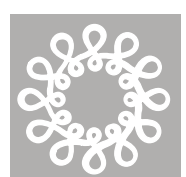

translucent

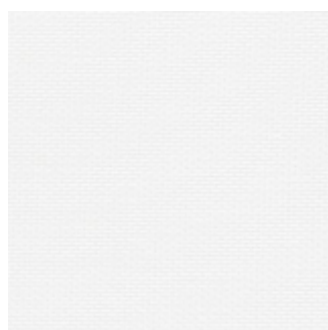

fabric width 300cm

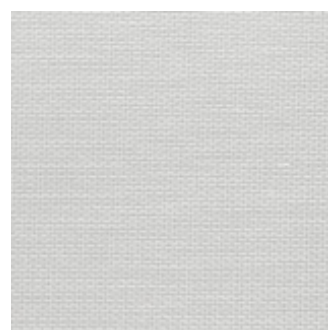

weight 86gr/m²
